

## **Bringing Social Media Surgeries to Shropshire**

1. Do you work for a Voluntary/ Community Organisation or Social Enterprise?
2. Ever thought about using blogs, text messaging, Facebook, Twitter and other free 'Social Media' sites but don't know where to start?
3. Does your organisation have a website but you find it not easy to update?
4. Are you looking for an easy way to promote your activities and to share information, pictures and video clips on line?
5. Would you like to use free websites and services to promote your organisation, raise funds, collect feedback and keep records but have no idea what is out there?

### **The Shrewsbury Social Media Surgery is a free advice session for the Voluntary/Community Sector in Shropshire.**

It's informal and relaxed. Bring your laptop and use the wifi supplied to hook up to the internet (with assistance if required). Don't have a laptop, don't worry there will be some to share. Learn from people who understand good ways to use the internet and who can show you useful free tools. Have a chat over a cup of coffee/tea.

### **Who are the surgeons?**

People who have been there before and know enough to show someone else. Some may have spent years understanding the internet, some may have just learned how social media applications work and how they can benefit organisations.

### **Please tell me where and when!**

The first Shropshire Social Media Surgery will take place at the **Café/bar of the Old Market Hall in the Square in Shrewsbury between 5:30 and 8 pm on Monday 12<sup>th</sup> July.**

### **How do I get involved?**

- If you think you may be able to help others by being a surgeon on the night, please email [renee.wallace@shropshirevcs.org.uk](mailto:renee.wallace@shropshirevcs.org.uk)
- If you have answered yes to question 1 and at least one other question then register your interest on via <http://shropshirevcs.org.uk/site/our-services/training/shropshiresocialmediasurgery/> and come along to find out more.
